300 N. Willson, Suite 1 ♦ Bozeman, MT ♦ 59715

## **Experienced Microbiologist – In-Vitro Laboratory**

**BioScience Laboratories, Inc.**, a leading CRO engaged in the independent efficacy and safety testing of disinfectants and topical antimicrobial formulations for healthcare and industrial applications, is seeking an **Experienced Microbiologist in our In-Vitro Laboratory**. Working for a small privately held enterprise located in Bozeman MT, you'll have the best of two worlds: influence and leadership within a high caliber, well regarded organization and access to the best of "Big Sky Country" with blue-ribbon trout streams, hiking and powder skiing just outside your door.

### **Job Responsibilities:**

- Plan and perform wide variety of laboratory tests and studies
- Contribute to and/or write protocols to meet customer's needs
- Using experience, judgment and knowledge, carry out methods, resolve problems, evaluate procedures and data, determine time and resources required to conduct studies and take corrective actions as needed
- Critically analyze study results for accuracy and success in meeting study goals
- Prepare executive summaries and final reports on time
- Train others in methods, procedures and equipment used in the laboratory
- Interact with our clients and sponsors

### **Background and Experience:**

- Bachelor's degree in Microbiology or related science; advanced degree preferred
- Minimum two (2) years experience in Microbiology laboratory; formulation testing a plus
- Ability to work collaboratively with scientific and non-scientific personnel
- Experience in GLP or other regulated environment preferred
- Must be able to effectively work on multiple, diverse studies in a concurrent manner
- Strong, clear communication skills and willingness to teach others
- Analyze and evaluate data and reach a concise, data-based decision
- Excellent technical writing skills must be proven in this area

BioScience Laboratories offers a wide array of competitive benefits as seen in larger companies including full medical coverage, 401K and a bonus plan. Send your resume and cover letter to Ms. Deanna Field, Director of Human Resources at [dfield@biosciencelabs.com](mailto:dfield@biosciencelabs.com).
