### **Paulson Enterprises, LLC Announces the Purchase of a New Building Site for BioScience Laboratories**

Bozeman, Montana – August 5, 2010 – Paulson Enterprises, LLC has purchased a new building site, located between Remington Way and Kagy Avenue on South 19<sup>th</sup> Street in the Kagy Crossroads Subdivision of Bozeman, to be the new home of BioScience Laboratories, Inc. The organization selected a centralized location within Bozeman to house its growing contract research organization business.

Paulson Enterprises, LLC owners Marsha Paulson, MBA and Daryl Paulson, Ph.D. described the project as a commitment to BioScience Laboratories' clients and employees as well as the city of Bozeman. Dr. Paulson is also the founder and CEO of BioScience Laboratories, which will be celebrating its 20<sup>th</sup> year of operations in 2011 and currently employs over 60 scientists and support staff. He stated that "BioScience Laboratories' growth has been very steady over the past five years. We have doubled the size of our organization during this time, and we see that growth continuing. Two new buildings are being designed to give our employees a positive, comfortable work environment. The selected location is served by Streamline bus service and will include ample parking for our study participants." The buildings will house dedicated clinical, microbiology and virology laboratories equipped with state-of-the-art laboratory equipment as well as office space for BioScience Laboratories' quality assurance, quality control, participant recruiting, sales, marketing, and administrative staff.
